

Security and Investigative Consulting

Strategy, Planning, Management, Execution

# Strategy, Planning, Management,

## Our Services:

Our Clients experience unique value in our capability to provide a one stop, worldwide, resource for Consulting and Investigation services . This is of particular importance to multinational companies and their professional advisors. We employ industry experts addressing:

**Internal Corporate Investigations** addressing the alleged violations of company rules and regulations by company employees.

**Litigation Support** to internal and external counsel in matters regarding possible liability to their client ,or in support of their client against a third party.

**External Investigations** involving theft of company property, fraud, brand integrity issues, and other vulnerabilities.

**Due Diligence investigations** typically involving the background, qualifications, and relationships, of potential high level executive hires, or that of potential merger and acquisition candidates.

**Security Consulting & Engineering** including Enterprise Risk Management, Vulnerability, and Policy and Procedure Development.

**Executive Protection** of key personnel both in the United States and around the world.

## Our Team:

- Our TEAM of professionals has in-depth experience in providing service to the Federal Government, Municipalities, the US Military, Department of Energy, Department of Defense and Nuclear Power Generating Operations. Commercial industries served involve financial, automotive, beverage, tobacco, manufacturing, distribution and scores of others.
- We have managed Executive Protection operations for foreign dignitaries, celebrities, sports icons, major TV networks, CEO's and Boards of Directors.
- Our litigation support teams have served Fortune 50 Company's outside and in-house counsel with highly sensitive assignments involving billions of dollars. Researching data back into the late 1800's.
- We provide consulting & investigative support to security companies lacking resources to address their internal issues, and/or support their core business customer with these services.
- Our TEAM has responded to emergency requirements, within hours for domestic crisis operations; as well as, ex-pat extractions of personnel in danger in foreign countries.
- We have operated due diligence research and analysis investigations that have saved our clients millions of dollars, and exposure to possible litigation.
- Our TEAM includes former CIA research analysts, former Secret Service, Counter-Terrorism & Executive Protection experts, surveillance teams, field investigative teams with decades of internal corporate experience, detectives, and executive security management & consultants, lawyers, pilots, computer forensics experts, certified protection professionals, and many other skill sets which we apply to specific missions.
